

Backcountry Going in off-piste areas

Attention

A lot of mountain accidents are occurring.

To all mountain climbers

Gather the mountain and weather information, please.
Keep in mind your experience and skills while climbing mountains, please.
Submit a mountain climbing notification on the internet, please.

Please carry an avalanche beacon, a shovel and a probe because there is a danger of an avalanche due to the temperature rise and the condition of snowfalls.

Please follow the course regulations and precautions of ski resorts because there is an extreme danger of life-threatening accidents such as getting lost, slipping down and avalanches inside the restricted areas of ski resorts.

Read the QR code below for a mountain climbing notification

A composite image showing two mobile phone screens displaying the YAMAP and Compass apps. The YAMAP screen shows a notification form with the text '登山計画の提出が手軽でカンタン' (Submitting a climbing plan is easy and simple). The Compass screen shows a map interface. To the right of the screens is a QR code. Below the screens is the Compass logo and text: '山と自然ネットワークコンパス' (Mountain and Nature Network Compass), 'https://www.mt-compass.com/howto.php', and '全国山域の登山届がひとつの窓口で提出できます。' (Mountain climbing notifications from all mountain areas can be submitted through one window). A small cartoon character is also present.

Language selection is available for Compass.
